

# APPLICATION FOR ADDITIONAL IP ADDRESSES

Please complete the notes section indicating why you need public IP address as apposed to private IP addresses. (Ex. Secure Servers, VPN connections, remote access, PC Anywhere, Web servers, mail servers, FTP servers, etc.). Then, fax this completed form to **262-248-6959** or email to **support@mia.net**

|                         |                       |      |         |
|-------------------------|-----------------------|------|---------|
| Customer Name (printed) | Customer Phone Number | Date |         |
| Company Name            | Bella Mia Account ID  |      |         |
| Street Address          |                       |      |         |
| City                    | State                 | Zip  | Country |

1. How many public IP addresses are currently allocated to your organization? \_\_\_\_\_

2. How many additional public IP addresses are you requesting? \_\_\_\_\_

3. Please list all existing networks and subnets used by your organization already, including those from other Internet Service Providers.

5. Please provide any additional details concerning current address space usage that would assist Mia.Net in reviewing your application.

**Note:** Bella Mia will need to see 50% usage of these blocks immediately and 80% usage in 6 months. Bella Mia has the right to perform ping tests on these IP ranges to determine if these IPs are in use. Bella Mia reserves the right to reassign IP blocks that do not meet the usage requirements above.
